

New Hanover Township School District
122 Fort Dix St
Wrightstown, NJ 08562

Dr. Scott Larkin, Principal

Dr. Richard Wiener, Superintendent

March 12, 2020

Dear New Hanover Township School Families:

I first wish to thank everyone for your patience and understanding during these stressful times. With each passing day, new information becomes available and none of it seems good. Please know that I recognize the magnitude of each choice related to COVID-19's impact on our community. Therefore, no decision has been, or will be made unilaterally or in isolation. As we consider future decisions such as postponement of events, cancellation of gatherings, or even school closure, district leadership will consider multiple factors including advisement from the Department of Health, analysis of published risk level, areas of affected people, and impact to the community.

In the next few days, staff will be sending educational materials home and contacting families. Please be aware these steps are preparatory and should not be interpreted as an indication of imminent shut down. Our guiding principle throughout this event will be preparation over panic. I thank you again for your understanding and encourage you to contact me with any questions at (609) 723-2139.

Sincerely,

Dr. Scott Larkin, Principal
New Hanover Township School
